The County is looking at growth areas, environmental sensitive areas, subdivisions, Hwy 22/27 corridor. The plan will or can change with each new Council. The County should be held accountable for getting their facts straight. The Bearberry/Coal Camp Road ASP does not support campgrounds. Gravel is going to be a huge issue in the future. No subdivision on possible Gravel Aggregate. Everyone should look at the MDP and should fill out the Survey provided on the County website.
